BOSTON, MASS.

1889.

CHAS. A. MILLEN. C. H. WOODWORTH.

COLUMBIA UNIVERSITY AP 4503 .38

Boston, Mass., 1889.

Dear Sir:

In again presenting to you our catalogue, we wish to call your attention to our removal from our old stand, on the corner of Stillman Street, to 11 and 12 Charlestown Street, which we were forced to do by the rapid increase in our business. We have now larger and more commodious quarters, situated directly in front of the Boston & Maine depot.

To our success we attribute the facilities we have of filling our orders promptly, the quality of our goods, and the lowness of our prices for first quality of goods.

We make a specialty of Wood Mantels, of which we keep a large assortment on hand; and we make them to order at short notice.

We should be pleased to show you our goods, and if you should look through our three floors at 11 and 12 Charlestown Street, and then through our five floors on Beverly Street, which comprises our factory, we would let you decide whether we have not the best facilities of getting out everything in the Building-Trimming line of any house in Boston.

Thanking you for past favors, and respectfully soliciting a continuance of the same, we remain,

Yours respectfully,

C. A. Millen & Co

We would specially call your attention to our large and varied stock of

PINE AND WHITEWOOD MOULDINGS,

which are made from the best kiln-dried stock; they are all concaved on the back, and require less labor in putting them on than those manufactured by other houses.

We also have a fine assortment of Walnut, Ash, and Cherry Mouldings, for cabinet-makers' use.

Below we give prices of Soft and Hard Wood Mouldings, per running foot:—

Soft Pine, ...	1 cent per inch.
Hard Pine, ...	1 " " "
Whitewood, ...	1 " " "
Ash, ...	1½ " " "
Maple, ...	2 " " "
Gumwood, ...	1½ " " "
Mahogany, ...	4 " " "
Butternut, ...	2 " " "
Black Walnut, ...	2 " " "
Cherry, ...	2 " " "

ALL MOULDINGS SUBJECT TO DISCOUNT.

Our store is on the east side of Boston and Maine Passenger Depot.

COLUMBIA UNIVERSITY

ROOM MOULDINGS

TO HANG PICTURES ON.

We have a great variety in Black Walnut, Pine, Ash, Cherry, Plain and Striped Gilt.

HOOKS FOR SAME ALWAYS ON HAND.

HARD PINE STOP BEADS.

We keep these in long lengths, and cut them up any desired length; thus we are enabled to give our customers any odd lengths should they desire them.

We keep in stock the following sizes:—

$1\frac{1}{8}$	inch	wide,	$\frac{1}{2}$	inch thick.
$1\frac{1}{4}$	"	"	"	"
$1\frac{1}{2}$	"	"	"	"
$1\frac{3}{4}$	"	"	"	"
2	"	"	"	"
$2\frac{1}{4}$	"	"	"	"
$2\frac{1}{2}$	"	"	"	"
3	"	"	"	"
$3\frac{1}{4}$	"	"	"	"
$3\frac{1}{2}$	"	"	"	"
4	"	"	"	"
$4\frac{1}{4}$	"	"	"	"
$4\frac{1}{2}$	"	"	"	"

PARTING BEADS ANY DESIRED LENGTH.

FOR STATIONARY WASH-STANDS,
See Pages 26, 27, and 28.

INSIDE THRESHOLDS.

4 in., 4½ in., 5 in., 5½ in., 6 in. wide; ⅞ in. thick.

OUTSIDE THRESHOLDS.

8 in., 9 in., 10 in. wide; 1¾ in. thick.

Stamped Rosettes.

We carry a large stock and a fine assortment of fancy carved patterns of Stamped Rosettes out of solid wood, from 1 to $3\frac{1}{2}$ inches, both square and round. They are much better and about as cheap as the Turned Rosettes. We keep them in Walnut, Cherry, and Ash. Other woods furnished by the quantity, at short notice.

CHAS. A. MILLEN & CO.

DIRECTIONS

For Ordering Stair-Work.

1. Give number and sizes of Newel Post, Rail, and Balusters; what Frame-post is wanted, if any. It would be well, when ordering, to give a sketch or drawing of stairs.

2. In ordering give us the exact rise and run of your Stringer as sawed in the rough.

3. Give number of *Risers* instead of number of steps.

4. Length of Rail on Gallery, measuring from face of gallery-board, — we allowing for all projections of nosings.

5. If the stairs are straight, with a continued rail, at landing, state how much the well-hole sets in back of the face of the top riser, giving the radius of well-hole; and if landing-post is to be used, state if well-hole is square, — if not, give the radius.

6. If the stairs are circular, make a diagram, and give the exact width of each step on face stringer, as sawed, giving size of well-hole.

7. In all cases state whether the Rail is on the right or left hand going up stairs; and which is wanted, Straight or Side Ease.

8. In ordering Posts that go through the floor, give width of stringer, and depth of floor timber.

ALL SIZES OF PINE ROSETTES.

STAIR WORK.

In this department we defy competition. We carry the largest stock of

Built and Turned Newels,
Rails, and Balusters,

of any house in Boston. We make TURNS, EASE-OFFS, RAMPS, ETC., which we warrant to fit in every case where the measurements are correctly given.

Our facilities for getting out STAIR WORK is such that we can fill orders very promptly.

We keep on hand

Rail Brackets,

for Side-Rails, Rail-Plates, and Joint-Bolts.

On the following pages will be seen cuts of built and turned Newels, which we keep in stock in Walnut, Cherry, and Ash.

Other designs made to order at short notice.

A personal inspection of our work is solicited.

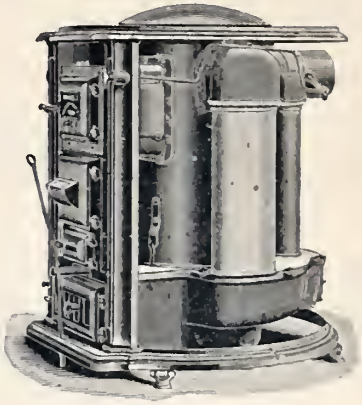
AVERY LIBRARY
COLUMBIA UNIVERSITY

MAGEE FURNACE COMPANY.



Over 10,000 MAGEE RANGES,
2,000 " FURNACES, and
13,000 " HEATING STOVES
WERE SOLD IN 1887.

These figures are more eloquent than volumes which might be written in praise of the peculiar merits possessed by the Magee goods.

Miss Parloa says of the Ranges:

"I use the Magee Range constantly in my schools and private kitchen; it fulfills every requirement for the most exacting work; I would not exchange it for any Range made."

Send for our Furnace Circular, and read what Physicians, Professors, Scientists, Mechanics, and Merchants say of the MAGEE Furnaces they have in use. Don't put in Steam or Hot-Water Apparatus till you KNOW what a first-class Hot-Air Furnace will do for half the cost.

15 MYRTLE ST., JAMAICA PLAIN, MASS., Feb. 26.

Magee Furnace Co.: Dear Sirs,—Having discarded three furnaces, in twelve years, the last one after a trial of only one year, on account of the escape of gas into the house, to the injury of health and comfort, I have used your Boston Heater Furnace one year, without *ever* having gas escape, or *any fault* to find with it in *any particular*, — running it a great part of the winter with the front door open; and were I to build a new house, large or small, I would not substitute any other furnace for it, even though furnished free of cost. Respectfully, S. B. SWETT, M.D.
